Cast Iron Strap Wrenches

Turn any shape without scratching, denting or crushing.

SIMPLEX STANDARD DUTY

WARNOCK HEAVY DUTY

The Simplex has a single piece design with contoured palm shaped handle. The strap attaches to the wrench with a “pound-in” wedge. The strap is polyester for excellent oil and chemical resistance and increased strength. Straps on the larger models are latex coated for increased gripping power. The strap on the 6 inch version is ribbed and uncoated.

The Warnock is the original strap wrench for handling highly polished and smooth surfaces. A rugged shackle swings away from the handle allowing quick adjustment of the strap. The strap is polyester for excellent oil and chemical resistance and increased strength. The strap is latex coated for increased gripping power.
