1-5/16 + 1-1/2 Sq
Socket for 52,53 & 152

1-5/16 + 1-1/2 + 1-1/8
Square on reverse
side for 104, 105

1-5/16 + 1-1/2 + 1-1/8
Square plus 1-5/8 Hex

The 1-5/16" x 1-7/16" double square socket allows for tolerances on 1-1/4" square nuts (3/4" bolts) and 1-3/8" square nuts (7/8" bolts). It also fits 1-1/2 inch hex. That socket fits the 52,53 and 152 handles. The Triple Square Transmission Socket has 1-1/8"+ 1-5/16"+1-1/2" Squares. The New England Quad Socket offers 1-1/8"+ 1-5/16"+1-1/2" Squares plus 1-5/8 Hex on the 304 Handle. Bolt-Thru design allows threaded rod to pass thru the socket so that nuts can be secured on any threaded length. The 104, 105, 304 and 152 models are heavy duty stamped riveted metal handle with vinyl grip. 52 and 53 models are cast iron. All are coated with an epoxy paint for durability and easy cleaning. Lowell offers a variety of square and hex sockets. Contact your Lowell dealer for more information.
